Public evaluation of AI governance

Police facial recognition

Standard-setting role expectations

Who should help set the standards?

Deployment evaluation

Is widespread police use a good idea for society?

Comparative safeguard judgments

Would a safeguard make use more acceptable?

Evaluation-object separation

Do not collapse these judgments into one support measure.

FOCAL QUESTION / RQ1

Evaluative coexistence

Within the same respondent

DEPLOYMENT EVALUATION

“Bad idea”

SAFEGUARD JUDGMENT

“More acceptable”

A favorable safeguard judgment alone cannot establish deployment endorsement.

CONTEXTUAL QUESTIONS

Joint public × police role expectations

RQ2 Deployment associations

RQ3 Safeguard associations
